TOP ACTIONABLE INSIGHTS

FROM SMS SURVEY WITH 1,265 STUDENTS & 1,447 PARENTS

1 Satisfaction & value prop

Among parents, your **Net Promoter Score is 62 which is excellent** (anything above 50 is considered very good). Your most satisfied parents value that they can see **improvements in their child's education** because of Shupavu291. Your least satisfied parents wish there was more content and more rewards/competition. **Students were also very happy** and gave an average score to Shupavu291 of 8.9/10

2 Social Impact

Parents and students were in unanimous agreement about the positive impact that Shupavu291 has on quality of life and grades. **98% of parents said their child's life "had improved a lot"; 97% of students said their grades had "improved" a lot because of Shupavu291**

3 Improvement suggestions

The **most common suggestions for improvement** among parents were more content / questions (18%), help with school fees (13%), and more rewards / competitions (10%). For students, the top three suggestions were more content (24%), more subjects (10%) – an additional 4% specifically mentioned agriculture, and 5% suggested more contact with teachers and friends

4 Income profile

Eneza is successfully reaching low income households: 45% live below the \$3.10 world bank poverty line which is slightly lower than the average for Kenya of 53%. $\frac{73}{3}$ % of users live below \$6.0 / day (2011 PPP)

AMONG PARENTS, ENEZA'S NET PROMOTER SCORE IS 62; PROMOTERS SEE IMPROVEMENTS IN THEIR CHILD'S EDUCATION/LIFE

The NPS is a gauge of customer satisfaction. It asks the question “On a scale of 0-10, how likely are you to recommend Shupavu291 to a friend or colleague?” The “Net” score is calculated in the following way:

$$\text{NPS} = \% \text{ promoters} - \% \text{ detractors}$$

9-10 likely to recommend
0-6 likely to recommend

Anything above 50 is considered excellent. A negative score is considered poor. Apple, Amazon, and Netflix have net promoter scores of 66, 66 and 64 respectively. Eneza's score of 62 is excellent. Consider how to convert passives & detractors

We also ask respondents to explain their score, which yields insights on value proposition:

FAVOURITE QUOTES (1/2)

POSITIVE IMPACT TESTIMONIALS

I would like to recommend shupavu291 because it has **enabled students and pupils to learn weak subjects and has controlled many from engaging in bad company** during this holiday - Parent

I like shupavu because is the only place where I can get free exam test, at my stage i can do wonder in any school test **thank you shupavu for your help GOD bless all.** – Student

Since using shupavu291 it has changed my changed my child's life by **making him to be the kid who always score the highest marks in the upper classes** – Parent

Their was a time when she was in form2 term two when she was sent for school fees, due to lack of school fees, I told her to keep on using shupavu291.when she went back to school to sat for end year form two exam, she managed to pass. Thank you shupavu 291

I like shupavu291 since they give **very good questions and detailed answers if one fails**, at a relatively lower cost - Student

I would recommend shupavu291 because it is **much cheaper** and it has really assisted the students in their revision second reason is that the students can read wherever they are and don't have to carry their books with them – Parent

I like shupavu291 because it helps me with **thorough revision anywhere instead of carrying books** - Student

I would like to say Thank you very much for allowing me to use your products. **May The Almighty God bless shupavu291 and the entire eneza education-** Student

Thank you so much Shupavu291 for the great help u've been in my studies and the rewards that have kept me motivated.- Student

FAVOURITE QUOTES (2/2)

CONSTRUCTIVE CRITICISM / SUGGESTIONS

It could be good if you **form groups of students from different parts of the country** where people are free to join and also interact with their friends and be able to share ideas for better understanding. Thank you. - Student

if shupavu would **challenge us students by not giving us multiple choices at least one might try hard to think of the answers required**

If shupavu 291 would have paid back to school campaign fees, it would have attracted mass students and increase their academic performance

[To improve] If shupavu added agriculture and collect 10 bob after a week instead of every day 1.43 bob

if shupavu291 liase with other networks like airtel, yu and telkom it will increase the number of its users

If Shupavu291 did include all other technical subjects taught in high school, that would be great!

If shupavu291 did **annual award** giving to active students it would motivate and that would be great

45% OF HOUSEHOLDS LIVE BELOW THE \$3.10 POVERTY LINE

USING INTERNATIONALLY RECOGNIZED POVERTY LINES, 45% OF HOUSEHOLDS LIVE IN POVERTY COMPARED TO 53% OF THE POPULATION MORE BROADLY.

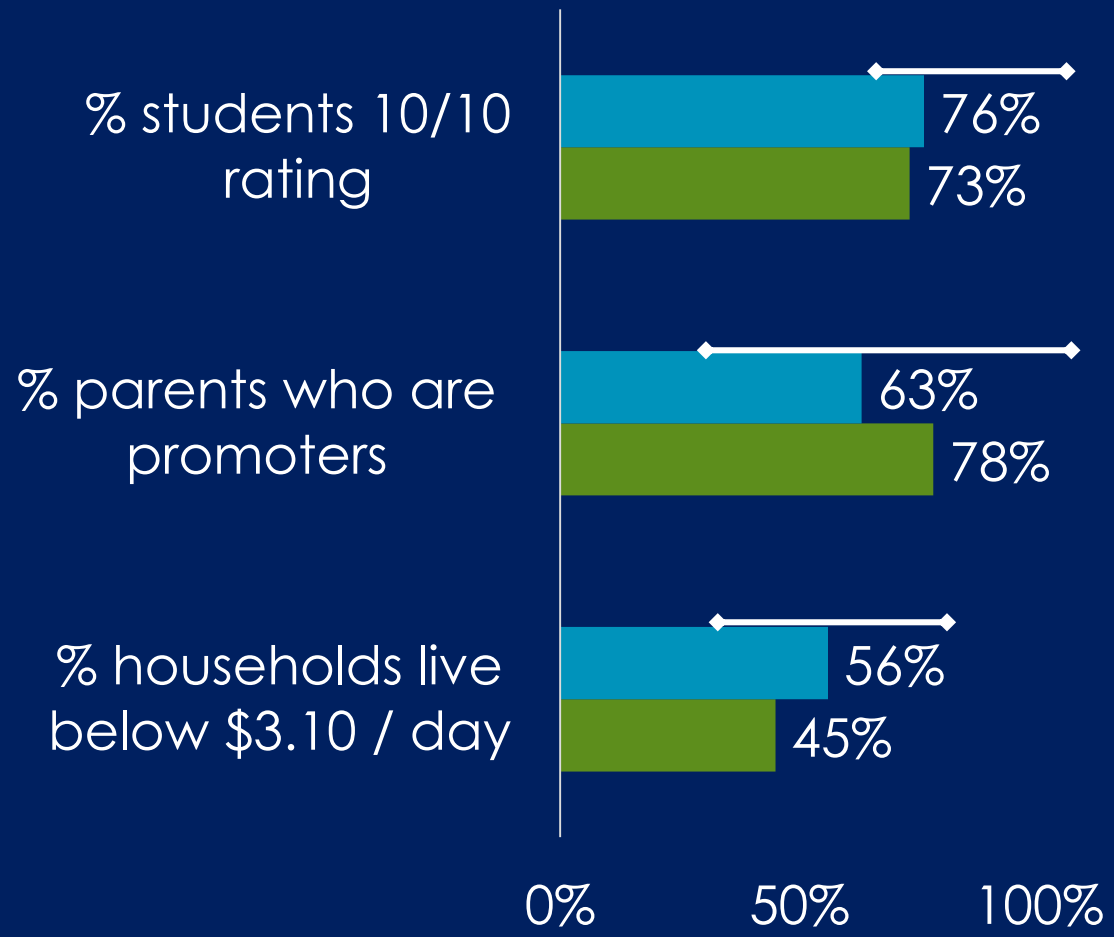

This data suggests that Eneza Education is successfully reaching low income families, albeit a slightly lower proportion than the overall population distribution

WANT TO GEEK OUT?

Purchasing Power Parity (PPP) is an economic theory that compares different countries' currencies through a market "basket of goods" approach. According to this concept, two currencies are in equilibrium or at par when a market basket of goods (taking into account the exchange rate) is priced the same in both countries.

This useful tool which is maintained by the World Bank allows us to get a sense of whether and to what extent you are reaching some of the poorest people living in Kenya and also investigate how this compares across countries.

ABOUT THE LEAN DATA SPRINT

What is this all about?

Omidyar Network has partnered with Lean Data – a data service created by Acumen – to gather high quality feedback and impact data from your customers. This data will allow both you and Omidyar Network to better understand your customer in order to help grow your business and generate greater social impact.

Who else took part?

Over 30 investees and grantees took part in the 2017 Lean Data Sprint

What types of data did we collect?

We collected comparable data on Customer Satisfaction and Social Impact across all participants of the Sprint. Your performance relative to the Sprint average will be shared with you later in year. Additional questions were added to surveys, based on the strategic priorities of the participating organizations
